Florida LAKEWATCH personnel created this map using differentially corrected global positioning equipment (GPS). Data were collected June 4, 1998. Map contours are in feet and were generated using kriging technique in Surfer® software package (Golden Software, Golden CO). The center of the lake is located at Latitude 29°00'05" and Longitude 81°37'16". On this date, the lake surface area was calculated at 1877 acres (759 hectares). This is only an approximate bathymetric map and should not be used for navigation.
